

Rosoga Investments Limited is a leading Power Transmission Wood Pole treatment services provider, timber sawmillers, Manufacturer of charcoal briquettes from sawdust and transport logistics provider in the East and Central Africa region, serving clients within Kenya and the greater East Africa region.

With a fleet of over 20 trucks and handling machinery, we ensure reliable and comprehensive East and Central Africa coverage. Rosoga was incorporated in 2001 in accordance with the Companies Act Cap 486 and has since inception been a major transporter and supplier of treated wood poles.

Through the 3rd and 4th quarter of the year 2010, Rosoga Investments made a major milestone in its operations by successfully installing and commissioning a transmissions wood pole treatment plant with a capacity of over 80 poles per charge/run. This investment, therefore, ensures that our customers forthwith enjoy competitive pricing for the treatment services while getting treated poles of the highest quality. This treatment services which were otherwise previously outsourced from other providers meant that Rosoga was tightly held at the mercy of the timelines and policies of other providers. We therefore are looking forward to far much greater growth as we serve our clients in house and in a cost effective and efficient manner! Our major clients over the last ten years include:

- James Finlay (K)
